

Renovo Solutions Awarded Contract for Hardware/Software Asset Management Solutions Agreement with the Premier Healthcare Alliance

Dateline – Renovo Solutions announced that it has been awarded a 36-month group purchasing agreement with the Premier healthcare alliance, for its Hardware/Software Asset Management Solutions. Effective 9/1/11, the new agreement allows Premier members to take advantage of special pricing and terms pre-negotiated by Premier for a new category of hardware and software asset management. This new scope of service centers around solutions providing I.T./Biomedical asset management functionality to optimize the planning/acquisition, inventory management, maintenance, availability/utilization, risk management, financial management, and disposal management of clinical hardware/software within an organization. (Excludes purely capital accounting/depreciation software solutions.)

“We are very excited to be selected by Premier healthcare alliance as one of their preferred vendors for the services we provide to the healthcare community”, stated Sandy Morford, CCE, CEO of Renovo Solutions. “As one of the industry-leading organizations to embrace the integration of healthcare information technology with the field of clinical technology management, we have developed several unique and innovative tools to manage the financial & operational risks associated with the use of networked medical devices/systems. Premier members will now have access to the tools needed to comply with IEC 80001, while at the same time, more cost-effectively control the rising cost of healthcare equipment software/hardware maintenance.”
